Newsletter – April 2013

Hi all,

Wow, I know I am ready for some “spring” days without snow. Ready to get out and do some training!

The **website** has been moved to its new server location and should be up and running as well. Our Facebook group page is up and running please feel free to post if you are training and want additional people to join you, post pictures and just say Hi if you like.

Left-Hand Lake information has been sent out to all the members, if you are interested in joining to utilize the land and water or have any questions please call or e-mail Carol Brady (303) 902-1107 or cbrady@k-9products.com

Our hunt test is coming up soon and volunteers are needed as always to help with all of the stakes. This year we have reduced the test to only one Senior and 1 Junior due to lack of help and the rising costs of paying for help at a test. Volunteers are needed with a commitment for the date volunteering. Dates of the Test are: May 24 -27th, 2013. Please contact Brian Cooke at 303-732-4009 or bcooke124@what-wire.com

Hope everyone got the flyer for the Training Day and Potluck for April 7th, at Carol Brady’s house. Weather permitting it should be a fun day as always. Thank you Carol for letting us use your property. In case of inclement weather please call Carol to check if the training event will still take place. 303-902-1107.

Please feel free to contact anyone on the board with any question or concerns you may have at anytime throughout the year.

Best regards,

Gabriele (Gaby), President, CFRC
